

We have low res versions of the photos uploaded to Picasa's site on Google. If you find a photo you want the high res version, right click on the photo and use the Save Image as and save the jpg to your hard drive then email it to either Suzy Hampton, justmesq@fuze.net or Tom Berning, pnsracer@zoomtown.com and we will email you the high res photo.

Since Picasa only allows 1000 photos per album, we had to split most of the races up into 2 albums.
